

The Room 10 Scoop

Volume 2, Issue 2

February 2022

Room 10 the science guys

Reported by Justin

This month in science group, we made snow! To make the snow, we used baking soda and hair conditioner. After mixing it all together, it had a smooth and soft texture which turned into snow! It was fun to have another sensory activity for us to squish and mold. Below is everything you need if you'd like to give making snow a try!

 
Making snow!

       
2 and 1 / 2 cups of baking soda

      
1 / 2 cup of hair conditioner

 
Large bowl

  
Spoon or spatula

What has Room 10 been up to in group?

Places in the Community

Reported by: Liam

This month we learned about public transportation! One form of public transportation is a bus. If you ride the bus a lot, it's a good idea to get a bus pass. If I am trying to get on a bus, I need to wait at a bus stop and can see when the bus will arrive by looking at the schedule.

Vocational Group

Reported by: Conor

In Voc Group, we learned about molders, tailors, and postal workers. A molder might wear goggles and gloves for safety while working with hand tools. A tailor might use scissors and measuring tape and work in a studio. A postal worker delivers envelopes and packages while following a mail route.

Fun and Games

Reported by: Sam

This month we learned how to play Tetris. In Tetris, you drop the blocks into a grid. The blocks are shaped differently, so the goal is to fit them together as best as you can. Our record as a class is fitting in 19 blocks! We played the board game version but are excited to try as a video game too!

In the Spotlight

Our Latest and Greatest Accomplishments!

KYLE

Kyle would like to celebrate his independent leisure skills. He puts on his favorite songs on his itunes and relaxes on the beanbag with the weighted blanket. He always looks so cozy!

ANIN

Anin would like to celebrate making a weekly schedule. At the beginning of the week, he chooses a work, leisure, and community outing to do for each day. He's always excited to make the schedule and is great at following along with the days.

CONOR

Conor would like to celebrate going to the car wash! He has been promoted to a Room 10 front seat rider, so the car wash has been an extra fun experience.

JOSH

Josh would like to celebrate going on community outings. He is always very excited to take a trip to Dunkin and makes sure to bring his wallet to get a donut!

SAM

Sam would also like to celebrate community outings. This month Sam has gone to the dollar store, a high school play, recycling, Walmart and even tried out the claw machine!

JUSTIN

Justin is celebrating making copies. At the end of every day, he brings papers that need to go home to the copier and is becoming so good at operating the copier.

LIAM

Liam is celebrating attending his IEP meeting! He helped present his PowerPoint and was very excited to get to see some of his favorite people on the screen. He even dressed for the occasion, wearing a suit jacket...very professional.

Room 10 is doing great things, and we are so proud of everyone's hard work!

Bucket list update!

Reported by: Josh

This month we missed out on our cooking group because of a snow day, so instead we thought we'd give you an update on our Room 10 Bucket List. Our first activity we completed from the list was a virtual field trip. We virtually went skiing! To go skiing, you need skis and poles as well as snow pants and a winter jacket. For safety, it is important to wear goggles and a helmet. To get to the top of the mountain, we took a ski lift. We'll keep you updated with whatever we check off the list next!
